

Journey Montessori Academy Summer Program

Registration is now open for the Journey Montessori Academy summer program. We offer small class sizes with individualized instruction for our students. Our school community consists of grades kindergarten through sixth grade.

This summer we will be running a "Passport to the World" program that will introduce students to a variety of countries and cultures. Please check out the details inside this brochure.

The cost for the summer program is \$155.00 per week for the full day program which runs from 9 am to 4 pm each day. For those students that need extended hours, we provide an extended option from 7 am to 5:30 pm for an additional \$25.00 per week. We also offer a weekly \$5 discount for students that register for 7 or more weekly sessions.

Registration form and a 10% deposit are due May 15th. Remaining balance is due prior to the start of each week. Registrations received after May 15th will be accepted if space is available.

Return completed form and payment to:
Journey Montessori Academy
14980 Garrett Avenue
Apple Valley, MN 55124

Online registration is also available at:
<http://www.journeyacademy.com/>

Please call (952) 953-6441 with any questions.

Passport to the World

Each week we will travel to a new country through the use of books, media, maps, and our imagination. We will play games, listen to music, explore the arts, discover through hands on science experiments, research world and cultural geography, and learn through our interests.

Week 1: USA (June 14-18)

Where do we live? Where is our state capital? Where is our nation's capital? What are the major landmarks of our country and where are they located? Celebrate our country's independence, rights, and beauty. Learn the 50 states and work on the capitals.

Week 2: Ireland (June 21-25)

"Dia duit"! Where is Ireland? Learn about the landscape of Ireland, animals, landmarks, and history. Do an Irish jig and read some Irish stories. We will play some games and try ethnic foods from Ireland. We will play with the color green.

Week 3: Thailand (June 28-July 2)

"Sawadee ka!" What is happening to the elephants in Thailand? We will paint like the elephants of Thailand. Learn about tsunamis and monsoons in Thailand. We will celebrate the Thai New Year by playing water games and spraying each other. Khob khun ka puen.

Week 4: Argentina (July 5-9)

"Che!" We will travel to the Iguazu Falls – one of the most beautiful sights in South America. Argentina will take us from the study of glaciers to tropical rainforests through science experiments and fun. We will play some soccer the Argentina way!

Week 5: Italy (July 12-16)

"Ciao!" We will build boats and float them around our city of "Venice". We will create Mount Vesuvius, one of the most dangerous volcanoes in the world. We will try to construct a Leaning Tower of Pisa and enjoy a bite of Italian food. "Ho fame."

Week 6: Turkey (July 19-23)

"Merhaba!" Turkey is the bridge between Europe and Asia. We will find out why Constantinople was such an important city. We will compare *The Turkey Girl: A Zuni Cinderella* with our version of Cinderella and act it out. We will learn about earthquakes and why they occur.

Week 7: Ethiopia (July 26-30)

Where is Ethiopia? We will explore the continent of Africa. We will try a variety of Ethiopian foods and eat it the way they do in Ethiopia. Do you want some bunna? How is coffee grown and where? Get ready for some Ethiopian football.

Week 8: El Salvador (Aug 2-6)

"Hola!" Come explore Central America and El Salvador. We will examine natural disasters that affect El Salvador – volcanoes, earthquakes, and hurricanes. Come ready for some explosions! We will cool off in our own hurricane.

Week 9: India (Aug 9-13)

"Namaste", come visit the Taj Mahal, the eighth wonder of the world. Who is Gandhi? We will find out what animals roam throughout India and create our own animals. We will climb K2 and other peaks of the Himalayas.

Week 10: Arctic (Aug 16-20)

We will travel to the north and see what can survive in the extreme cold of the Arctic Circle. We will investigate what animals live in Arctic Circle and the curvature of the Earth. Does the sun rise and set in the Arctic Circle or the North Pole? We will perform science experiments, research, create, admire, read, and pretend we are explorers. We will look at global warming and how it is affecting the Arctic Circle.

Week 11: Canada (Aug 23-27)

Oh, Canada. Come learn about the second largest country in the world, our neighbor to the North. We will try a game of lacrosse and hockey. Niagara Falls will splash up some water as we celebrate the end of a wonderful summer program.
